Hi, I'm a **Frontend Developer** especially interested in **React.js.** I am fast-learner and I'm passioned in front-end developing such as HTML5, CSS3, and JavaScript. I have an aptitude for programming languages. I am a mature team worker and adaptable to all challenging situations. I am an enthusiastic, self-motivated, reliable, responsible and hard-working person. I'm currently looking for the right opportunity to work in an environment that helps me progress into a Front-End role.
